FULBRIGHT STUDENT PROGRAM 2010-2011

The Embassy of the United States of America in Bosnia & Herzegovina is pleased to announce the Fulbright Student Program competition for research in the United States during the 2010-2011 academic year. Scholarships are awarded competitively and are subject to the availability of funds.

The Fulbright Student Program is a non-degree program that brings student researchers to the United States for a nine-month academic year beginning in August or September 2009. The Student Fulbright Program is intended for independent library and/or field research toward a Master's or PhD degree. Students will establish professional contacts in their field, enhance their scholarly work, and gain international experience and personal enrichment.
